

CALL FOR PAPERS - IODE4

INDUSTRIAL ORGANIZATION IN THE DIGITAL ECONOMY 4th Edition

March 2-3, 2018

Liège Competition and Innovation Institute (LCII) & HEC Liège, Liège Université
Center for Operations Research and Econometrics (CORE)

Keynote speaker: Jose L. Moraga (VU Amsterdam)

This two-day workshop is targeted at PhD students and young postdoctoral scholars with an interest in the industrial organization of the digital economy. We welcome empirical and theoretical contributions related to the following (non-exhaustive) list of topics: multi-sided platforms, big data, net neutrality, digitalization of payments, internet advertising, user-generated content, digital piracy, economics of privacy, reputation and recommender systems, open source software, sharing economy, patents and innovation, etc.

Scientific committee

Paul Belleflamme (Aix-Marseille Université)

Axel Gautier (LCII, ULiège)

Johannes Johnen (CORE, UCL)

Wynne Lam (University of East Anglia)

Registration

Information on the workshop location, registration and accommodation will be available at <http://www.lcii.eu>

Local expenses will be covered for the speakers (one speaker per paper presented).

Venue

HEC Liège, Rue Louvrex 14, 4000 Liège, Belgium
